

## ARMY PUBLIC SCHOOL GWALIOR

Dear Parents,

We thank you for your consistent support and encouragement to us during Covid-19 Academic Year 2020-21. We are quite indebted to you and it is through your support that we could complete this academic year with aplomb. Cheers!

February 2021 is going to be a very crucial month for our students. The curriculum is almost completed in all classes. We would now be moving towards conducting online/offline revision for all classes. A few activities are also scheduled this month, which will be organised as per February Month Activity Planner.

PTM for 3rd Pre Board is scheduled on 5th February 2021. The parents and students would be required to visit the school to discuss the result and other board exam related queries.

Further, we are going to organise specialised classes for X and XII students by outsourced academicians wef 3rd February 2021. These classes will be organised on specific topics/chapters wherein the students sometimes require more discussions and revision. The faculty engaged for these classes will ensure that a few exams related tips and techniques are also provided to our students. These classes would also provide the students a change in teaching-learning process as they will interact with a new set of teachers, who are well-known for their expertise in the city.

Further, the final exams of class I to IX & XI are scheduled to be starting from 22nd February 2021 onwards. And for that, we will ensure that in the first fortnight, the students are provided enough revision, practice and discussions on each subject as per proposed class and subject-wise curriculum, blue print and marking schemes. A monthly worksheet based on the Annual Exam Curriculum will also be provided to your ward for final exam practice and revision. The parents would also be provided class-wise orientation by the Class teachers in the 2nd week of February 2021 on the exam related requirements. These exams will be conducted online for I to VIII and offline for IX and XI. The offline presence of students for IX and XI is mandatory.

The special online Classes for Sainik School/RMS/RIMC will continue till 6th February 2021 and rescheduled NDA classes till 15th February 2021. Later, these classes will be suspended till 15th March 2021. It is requested that the students availing these classes must stay regular henceforth.

Parents are requested to ensure the regular attendance of their wards for both offline and online classes. Further, they would ensure that their wards prepare a self-study schedule henceforth and also plan the exam days wisely. We would yet again bank upon you for proper invigilation of your ward during the online exams so that these exams could be conducted with fairness and transparency.

Wishing the students good luck and all the very best for their final examinations!

With kind regards,

Class teachers
