

ARMY PUBLIC SCHOOL GWALIOR

Dear Parents,

The month of August celebrates Patriotism with great gusto and fervour. It stokes the feeling of patriotic zest in all Indians, as the songs and stories on our freedom fighters and war heroes reverberate across the country. This is an incredible experience for us! Also, this is the month when Indians will celebrate "Raksha Bandhan" – the festival of eternal bonding between brother and sister. The month will also observe a number of creative and academic activities, which will provide an all-round exposure to the students.

Periodic Tests and UTs are also scheduled this month for Classes III to XII. For Class X and XII, CBSE has devised a new policy wherein the examinations will be conducted in two parts: Term I and Term II for X and XII to finally declare the annual result. The decision has been taken due to prevailing conditions of Covid-19 pandemic. The school will follow the same policy for IX and XI too this academic session to prepare the students on new pattern of assessment for the Board-bound Classes. The curriculum will be proposed and completed accordingly in coming months, while keeping you posted on each and every matter related to student performance and assessments.

Further, the students would also be required to focus on the curriculum proposed for the month. Parents are requested to assist their ward(s) both for the scheduled assessments and regular studies and also make proper communication with their class teachers and subject teachers as and when required.

Class VI will follow additional curriculum this month related to vocational learning. A separate provision in the existing time table will be made in this regard after periodic tests so that the students get enough interaction on the new subjects. Hobby Classes and Activity Classes will also be streamlined a bit more for effective follow-up with students on their chosen skills/creatives and sports.

Offline contact classes for IX-XII on some selected days may also be started this month, as per directions from LMA and the consent received from parents. Parents will be informed on the same shortly.

It is requested to avoid the long leave as 75% attendance is mandatory for all students as per CBSE policy. Further, you kindly ensure that your ward switch on his/her video camera during online classes to avoid confusion and enable teachers to deal with online mischief/nuisance.

Best Wishes!

With kind regards,

Class Teachers
