

## ARMY PUBLIC SCHOOL GWALIOR

Dear Parents,

It has been observed in October that the student attendance in many senior classes is not appreciable. This is quite disheartening and the students (absent/on leave) are being followed regularly. However, your support in this regard will complement the school efforts, especially when the curriculum is to be covered in the next few months as per our planning to ensure adequate revision before the Term-based examinations and Pre Boards.

In addition, the school has tried to provide adequate exposure for other activities in the last few months and will continue to do so till December for all Classes, except X and XII to ensure an environment of learning beyond the routine academics, which will enable each learner to develop skills, competence, conviction, and creativity along with core values.

The next few months are very decisive for the Board Classes and therefore we would require you to have good communication with each of our teachers regularly about the progress of your ward. Please do keep us posted on all your queries over the month, as each communication from your end enables us to understand the requirements of your ward(s) for better academic engagements.

With kind regards,

Class Teachers
