

ARMY PUBLIC SCHOOL GWALIOR

Dear Parents,

The academic year 2023-24 has started rolling. We are sure that your ward(s) must have settled in his/her classes by this time. Due to possibilities of summer temperature soaring high after a week, and hence the uncertainty of regular offline classes for the junior wing students, we are proposing only a week-long curriculum for the students of I-VIII, followed by KidZania'23 (summer camp activities), slated from 08-12 May 2023. Further, due to the delay in the procurement of Textbooks, we would rather reinforce some of the curriculum of April 2023 to provide revision to students on important topics. This will also help the students admitted over the month of April and hence not in attendance at school in April 2023. The objective is to bridge the gaps and that is how we would enable each child to be on equal footing for learning along with their peers, with the same pace, from the month of July onwards.

Further, for the students of IX-XII we are proposing a two-week curriculum instead, as these senior classes require a bit of drive in the curriculum completion earlier than the other classes. Moreover, the activity Classes for these students have also been limited in terms of duration of time each day, while providing the students more time for academic reinforcement, within the directions of District Authorities to close the school by 1200 hrs each day. The revised time table (each period 45 min for core subjects) for the students of these Classes will be enforced wef 08 to 13 May 2023.

We have also made one value addition in the existing Class-wise Academic Planner this month, which will require your immediate attention. Our HODs have supplemented each bit of curriculum proposed therein with the best related e-video links of online Classes available on Internet, in order to enable every child to explore the curriculum on his/her own beforehand. It will help them quiz/ raise umpteen number of quality questions in the class with some prior preparedness at their end and hence develop a habit of using free academic cyberspace available with best videos, free online videos to enrich their knowledge inventory. The idea is to ensure that the hybrid learning should continue as an edge for each child alongside regular offline Classes at school.

The summer vacation is proposed from 15 May to 02 July for the students of I-VIII. However, for the students of IX- XII, extra Classes will be organised wef 23 June 2023 onwards. You may plan your vacation time accordingly. The students will be provided with Summer Vacation Assignments, which will be fun and activity based learning, keeping them active and agile for each bit of learning they come across. These assignments will be used for internal assessments/ student portfolios.

We are sure that through our collective efforts, the learning of our students will go on unhindered. We request you to keep us posted at all times on the progress of your ward(s) in academics and co-curricular areas.

Wish you and your family a happy time together during the vacation!

With kind regards,

Class Teacher(s)

(Mrs Nisha Bais, Ms.Richa Dubey, Mrs.Preeti Shrivastava)
