S. NO.	QUESTIONS	MARKS	NATURE
1	The literary club of your school is putting up the play	3	Information
	'Waiting for Godot'. As secretary of the club, draft an		
	invitation inviting the famous writer Sudeesh Gupta to be		
	the guest of honour at the function. Write the invitation in		
	not more than 50 words.		
2	You are Karan/ Kirti of L.M. Memorial Public School,	3	Understanding
	Dwarka. Your school has adopted a village as a social		
	responsibility. Students are being taken to teach the		
	children of that village on a regular basis. Write a report,		
	for your school magazine, on the various other programs		
	organized there in 150-200 words.		
3	Bal Vidya Public School, Bhilai, urgently requires a post-	5	НОТ

	graduate teacher to teach political science for which they		
	have placed an advertisement in The Bhilai Express. You		
	are Sanjay/Sanjana Sharma from 21, Vasant Marg,		
	Dhilai Draft a latter in chudia a $O(t)$ and his a fact the		
	Bhilai. Draft a letter including a CV, applying for the		
	advertised post.(120 – 150 words)		
4	Read the extract given below and answer the questions	5	Interdisciplinary
	that follows:		
	"When Aunt is dead, her terrified hands will lie		
	Still ringed with ordeals she was mastered by.		
	The tigers in the panel that she made		
	Will go on prancing, proud and unafraid."		
	Questions		
	(a) Why are Aunt Jennifer's hands called 'terrified''?		
	(a) ···· j a.e		
	(b) What are they still ringed with?		
	(c) Where did she make the tigers?		
5	How are Aunt Jennifer's tigers different from her?[5	Analytical Skill
6	"I am interested in anybody ,anything. There is nothing	5	Critical Thinking
	anything. There is not ing		and Problem Solving
			Solving

	that God made that doesn't interest me." Explain the		
	statement in reference to Mr Lamb's character.		
7	Answer the following questions in 30-40 words each.	7x2=14	Evaluation
	(i)Why is the Englishman's visit referred to us as		
	unexplained mystery?		
	(ii) What were the terms of Indigo contract between the		
	British landlords and the Indian peasants?		
	(iii)Why was Edla happy to see the gift left by the		
	peddler?		
	(iv) Why did the peddler decline the invitation?		
	(v)Why did Gandhi tell the court that he was involved in a		
	'conflict of duties'.		
	(vi)How can 'mighty dead' be things of beauty?		
	(vii)What qualities of Mr Lamb attracted Derry to him?

AT NU ERSARY BULC SCHOOL

ARMY PUBLIC SCHOOL GWALIOR CLASS - XII ACADEMIC SESSION 2022-23 WORKSHEET (SELF –ASSESSMENT)

Subject: Physics

Assignment No. : 6

S. NO.	QUESTIONS	MARKS	NATURE
1	Find the wavelength of electromagnetic wave of frequency 5 x 10 ¹⁹ Hz in free space. Gives its two application.	2	Understanding
2	Two nuclei have mass numbers in the ratio 27:125. What is the ratio of their nuclear radii?	2	Evaluation
3	The ground state energy of hydrogen atom is – 13.6 eV. What are the kinetic and potential energies of electron in this state?	2	Information
4	a) State two characteristic properties of nuclear force.b) Two nuclei have mass number in the ratio 1 : 3. What is the ratio of their nuclear densities	2	Understanding
5	Draw a ray diagram showing refraction of light through a glass prism and hence obtain the relation between the refractive index n of the prism, angle of prism and angle of minimum deviation	2	Analytical Skill
6	The radius of innermost electron orbit of a hydrogen atom is 5.3x 10-11 What is the radius of orbit in the second excited state?	2	Understanding
7	. Draw a ray diagram showing refraction of light through a glass prism and hence obtain the relation between the refractive index n of the prism, angle of prism and angle of minimum deviation.	3	HOT
8	Draw a plot of potential energy of a pair of nucleons as a function of their separation. Write two important conclusions which you can draw regarding the nature of nuclear forces.	3	Evaluation
S. NO.	QUESTIONS	MARKS	NATURE

9	Find the ratio of energies of photons produced due to transition of an electron of hydrogen atom from its	3	НОТ
	second permitted energy level to the first permitted level and		
	the highest permitted energy level to the first permitted level.		
10	 a)Obtain Bohr's quantization condition for angular momentum of electron orbiting in the nth orbit of hydrogen atom on the basis of the wave picture of an electron using de- Broglie Hypothesis. b)Define Impact parameter. 	3	Evaluation
11	 (a) The mass of a nucleus in its ground state is always less than the total mass of its constituents – neutrons and protons. Explain. (b) Plot a graph showing the variation of potential energy of a pair of nucleons as a function of their separation. 	3	Information
12	A heavy nucleus X of mass number 240 and binding energy per nucleon 7.6 MeV is split into two fragments Y and Z of mass numbers 110 and 130. The binding energy of nucleons in Y and Z is 8.5 MeV per nucleon. Calculate the energy Q released per fission in MeV.	3	Understanding
13	 a)The radius of innermost electron orbit of a hydrogen atom is 5.3 x 10 ⁻¹¹ what is the radius of orbit in the second excited state? b)Obtain an expression for orbital period (Time period) of electron revolving in nth orbit of hydrogen atom .Also, obtain an expression for frequency. 	5	Analytical
14	a) Draw a plot showing the variation of photoelectric current with collector potential for different frequency but same intensity of incident radiation.	5	Critical thinking and Problem
	b) Use Einstein's photoelectric equation to explain the observations from this graph.c) What change will you observe, if intensity of incident radiation is changed but the frequency remain the same ?		solving

Subject: Chemistry Allotment Date: 15 November 2022

S. NO. QUESTIONS MARKS NATURE Draw structure of catechol and Resorcinol 2 Understanding 1 2 Write down following name reaction 2 Information (a) Rosenmund reduction (b) Friedal Crafts acylation . Explain structure of carbonyl group. 2 Interdisciplinary 3 4 How will you distinguish between aldehydes and 2 Information ketones.? 5 Sulphuric acid is not used during the reaction of alcohols 2 Information with KI. Why? 6 Grignard reagent should be prepared under anhydrous 2 Understanding condition? Why 4-Nitrobenzoic acid is more stronger acid than 1,4 7 3 Understanding dicarboxylic acid.? Order of b.p of isomeric amines is 8 3 Analytical skills primary>secondary>tertiary.Why?

S. NO.	QUESTIONS	MARKS	NATURE
9	Out of alkyl amines and ammonia, which is more basic and why.?	3	Understanding
10	 Distinguish between (a) Aniline and benzoic acid (b)Acetaldehyde and acetone 	3	HOT
11	Draw structure of acetone and acetaldehyde	3	Analytical skills
12	How will you bring about the following conversions (a)Ethanol to but-1-yne (b)Ethane to bromoethene (c)Propene to propyne	3	HOT
13	Explain preparation of ketones.	5	Interdisciplinary
14	Explain preparation of aldehydes.	5	Interdisciplinary

Subject: Biology Allotment Date: 15 November 2022

S. NO. QUESTIONS MARKS NATURE **Multiple choice questions** Analytical Skills 1 1 $1 \log S = \log C + Z \log A$ In the given equation of species-area relationship, the value of regression coefficient for a whole continent, would be (a) 0.1-0.2 (b) 0.5-0.7 (c) 0.6-1.2 (d) 0.3-0.5 1 2. Which of the following organisation is responsible for maintaining the Red Data Book? (a) IDRI (b) IUCN (c) UNESCO (d) USDA

2	 Assertion-Reason Assertion: In Ex situ Conservation threatened animals and plants are taken out from their natural habitat and placed in special setting where they can be protected and given special care. Reason: examples are biosphere reserves, national parks and wildlife sanctuaries Both Assertion and Reason are correct and Reason is the correct explanation for Assertion. Both Assertion and Reason are correct and Reason is not the correct explanation for Assertion. If both assertion and reason are false. Assertion: Alpha diversity for a species is diversity between 2 given community or habitat. Reason: Alpha diversity does not depend on species richness and species evenness in that community habitat. Both Assertion and Reason are correct and Reason is the correct explanation for Assertion. 	1	Understanding
3	1Name the type of biodiversity represented by the following(i) 1000 varieties of mangoes in India.(ii) Variations in terms of potency and concentration of reserpine in Rauwolfia vomitoria growing in different regions of "Himalayas.	2	Information
4	Why is tropical environment able to support greater species diversity?	2	Interdisciplinary
5	Eichhornia crassipes is an alien hydrophyte introduced in India. Mention the problem posed by this plant.	2	НОТ
6	How is an alien species invasion considered as one of the cause of biodiversity loss? Support you answer with the help of an example.	2	Information
7	Substantiate with the help of one example that in an ecosystem mutualists.	3	Understanding

	(i) tend to coevolve and		
8	(ii) are also one of the major causes of biodiversity loss.	3	Interdisciplingry
o	List three causes of biodiversity loss.	3	Interdisciplinary
S. NO.		MARKS	NATURE
9	What is meant by alien species invasion? Name one plant	3	Information
	and one animal alien species that are a threat to our		
	Indian native species.		
10	'Stability of a community depends on its species	3	НОТ
	richness.' Write how did David Tilman show this		
	experimentally.		
11	Where would you expect more species biodiversity in	3	НОТ
	tropics or in polar regions? Give reasons in support of		
	your answer.		
12	State the use of biodiversity in modern agriculture.	3	Understanding
13	Justify with the help of an example where a deliberate attempt by humans has led to the extinction of a particular species.	5	Information
14	Explain, taking one example, the effect of coextinction on biodiversity.	5	Evaluation

Assignment No. : 6

S. NO.	QUESTIONS	MARKS	NATURE
1.	In the paint industry, various raw materials are mixed in different proportions with petroleum for manufacturing different kinds of paints. One specific raw material is not readily and regularly available to the paint manufacturing companies. Bonler Paints Company is also facing this problem and because of this there is a time lag between placing the order and the actual receipt of the material. But, once it receives the raw materials, it takes less time in converting it into finished goods. Identify the factor affecting the working capital requirements of this industry.	1	Knowledge
2.	An investor wanted to invest Rs.20,000 in Treasury Bills for a period of 91 days. When he approached the Reserve Bank of India for this purpose he came to know that it was not possible. Identify the reason why the investor could not invest in the Treasury Bill.	1	Knowledge
3.	Why is the understanding of 'Marketing Management Philosophies' important ? Or If the company has enough funds and the management also wants to have greater control on the channel members, which channel of distribution should the company adopt ? Give reason in support of your answer	1	Knowledge and reasoning
4.	Give the constitution of the District Consumer Disputes Redressal Forum under the Consumer Protection Act, 1986.	1	Knowledge
5.	'Buy one get one free' is printed on the label of the package of a mosquito repellant. State the labelling function being performed by this statement.	1	Identify and Knowledge
6.	What is meant by 'Branding' ? OR What is meant by 'Pricing' ?		Knowledge and understanding
	what is meant by Friding ?		

	shop and asked for a packaged 'Veg-Biryani'. While eating the same she noticed that it had some non-vegetarian content. Neither the advertisement, nor the label on the package showed that the product had non-vegetarian		
	content.		
	Name the consumer right under which Archana can claim for compensation as per the provisions of Consumer Protection Act, 1986.		
8.	'Technological Up gradation' affects one of the types of capital requirement of an organisation.	1	Knowledge and undestanding
	Identify the type of capital affected with reference to the above statement.		
9.	VXL Ltd. is a company dealing in dairy products. It procures these products from Rajasthan and sells them to various parts of Delhi. A month before 'Merio Ltd.', a Haryana based company entered Delhi market with a similar range of products. State the impact of entry of Haryana based 'Merio Ltd.' on the working capital requirements of VXL Ltd. Also, name the factor affecting the working capital requirements of VXL Ltd.	1	Knowledge
10.	¹ Vani Oil Refinery' is a large company, engaged in processing crude oil and refining it into more useful products like Petroleum, Kerosene, LPG etc. It has build good reputation over the years. It has been consistently earning profits and paying regular dividend to its shareholders. It needs additional working capital immediately to finance a project. It expects to return this amount after seven to eight months. Ashish Batra, the Finance Manager of the company does not want to get into procedural requirements of securing finance from a Commercial Bank. Suggest how the company can raise the required finance for meeting its additional working capital requirements.	1	Understanding and application
11.	The Return on Investment (ROI) of a company ranges between 10 - 12% for the past three years. To finance its future fixed capital needs, it has the following options for borrowing debt : Option 'A' : Rate of interest 9% Option 'B' : Rate of interest 13% Which source of debt, 'Option A' or 'Option B', is better ? Give reason in support of your answer. Also state the concept being used in taking the decision. Or	3	Analyzing , knowledge and understanding
	Stock index measures the movement of prices of securities at a		1

	stock prices and are known as barometers of market behaviour of securities. In the light of this statement, state any three functions of stock exchange.		
	OR		
	To promote orderly and healthy growth of securities market and protection of investors, Securities and Exchange Board of India was set up.		
	In the light of the given statement, state any three regulatory functions of the Securities and Exchange Board of India.		
12.	Sunflag Iron Ltd. is manufacturing steel at its plant in India. It is	3	Remembering
	enjoying increased demand for its steel as economic growth of the country is about 8%. It is planning to set up a new plant to avail the benefits of increased demand. It is estimated that it will require about Rs. 4,000 crore for setting up of plant and about Rs. 600 crore for other expenses to start the new plant.		and knowledge
	To collect the above mentioned funds, the sources to be used and the quantity to be collected from different sources had to be considered.		
	(a) Identify the above discussed concept and give its meaning.		
	(b) Explain any two factors that affect the concept identified in		
13.	 (a) above. Explain any four points of importance of the controlling function of management. Or Sumit purchased an ISI marked washing machine of a famous brand 'MG' from TG Electronics Ltd. The shopkeeper asked him to wait for two days for installation of the machine. His friend, Vivek, was very fond of experimenting with new electronic products. He told Sumit that there is no need to wait for the company's representative to install the machine and that he could do it. So, both of them installed the machine without following the manufacturer's instructions. Initially, the machine worked effectively and the wash was good. But after two days, the machine stared stopping in between the wash cycle. Sumit and Vivek tried their best to start the machine but failed in their efforts. Sumit, therefore, approached TG Electronics Ltd., which refused to provide any service on the plea that the installation of the machine was not done by the company. (a) State the responsibility which Sumit had to fulfil as an aware consumer to get the services of the company. (b) Explain briefly any two rights which Sumit could have exercised had he fulfilled his responsibility identified in part (a). 	4	Remembering, understanding

14.	State the protective functions of Securities and Exchange Board of India.	4	Reasoning and Remembering
	Or		
	Differentiate between 'marketing' and 'selling' on any four basis.		
	OR		
	Differentiate between 'Production concept' and 'Marketing concept' of		
	marketing on the basis of		
	(a) Starting point		
	(b) Main focus		
	(c) Means		
	(d) Ends		
15.	After acquiring the necessary knowledge and skills on starting an Aloevera Farm, Ashok wanted to be the leading manufacturer of Aloevera products worldwide. He observed that the products were expensive as the demand of the products was more than the supply. He was also keen to promote methods and practices that were economically viable, environmentally sound and at the same time protecting public health. Ashok's main consideration was about the amount of money paid by the consumers in consideration of the purchase of Aloevera products. He also thought that competitors prices and their anticipated reactions must also be considered for this. After gathering and analysing information and doing correct marketing planning, he came to know that the consumers compare the value of a product to the value of money which they are required to pay. The consumers will be ready to buy a product when they perceived that the value of the product is at least equal to the value of money which they would pay. Since he was entering into a new market, he felt that he may not be able to cover all costs. He knew that in the long run the business will not be able to survive unless all costs are covered in addition to a minimum profit. He examined the quality and features of the products of the competitors and the anticipated reactions of the consumers. Considering the same he decided to add some unique features to the packaging and also decided to provide free home delivery of the products. The above case relates to a concept which is considered to be an effective competitive marketing weapon. In conditions of perfect competiton most of the firms compete with each other on this concept in the marketing of goods and services. (a) Identify the concept.		Understanding, remembering and identifying

	(b) Explain briefly any four factors discussed in the above case related to the concept so identified.		
16.	Each employee of 'Bhoomika Ltd.' should manufacture 10 tables per day as per the terms of employment. All the employees met the said target except a few who manufactured between $4 - 6$ tables per day. The management look a decision to install Closed Circuit Television (CCTV's)	5	Knowledge, understanding and application
	in the factory for monitoring the activities of the employees.		
	(a) Identify the managerial function discussed above.		
	(b) Explain the steps in the process of the function identified in (a) above.		
	Or		
	Aditi set-up a company 'Dantik Ltd.' to manufacture toothpastes using herbs found in her village instead of chemicals that are hazardous to health. The package of the		
	product was eco-friendly and had details like price, quantity, ingredients, directions for use and other relevant information. It also carries the contact details like address, phone number and e- mail id of 'Dantik Consumer Services and Grievance Cell'. The toothpaste became very popular and she started getting orders from reputed traders.		
	(a) Identify and explain any two Rights of Consumers discussed above.		
	(b) State any two values being communicated by 'Dantik Ltd.' to the society.		
17.	Explain briefly any four factors affecting the fixed capital requirements of an organisation.	6	Knowledge, understanding and application
	What is meant by 'New Issue Market' ? Explain the various methods of floatation of new securities issues in this market.

	National Movement? Why was the Non-cooperation Movement withdrawn?		
7	Part-D (Sources Based Questions) Read the following extract carefully and answer the questions that follow:	(2+2+2=6)	Application
	Charkha Mahatma Gandhi was profoundly critical of the modern age in which machine enslaved humans and displaced labour. He saw the charkha as a symbol of a human society that would not glorify machines and technology. The spinning wheel, moreover, could provide the poor with supplementary income and make them self-reliant. What I object to, is the craze for machinery as such. The craze is for what they call labour saving machinery. Men go on "saving labour", till thousands are without work and thrown on the open streets to die of starvation. I want to save time and labour, not for a fraction of mankind, but for all; I want the concentration of wealth, not in the hands of few, but in the hands of all. YOUNG INDIA, I3 NOVEMBER 1924 Khaddar does not seek to destroy all machinery but it does regulate its use and check its weedy growth. It uses machinery for the service of the poorest in their own cottages. The wheel is itself an exquisite piece of machinery. YOUNG INDIA, 17 MARCH 1927 Questions: a) Why was Mahatma Gandhi a critic of machines?		
	 b) For Gandhiji, what was the importance of charkha? c) What arguments were given by Mahatma Gandhi in favour of Khaddar? 		
8	PART-E (Map Question) On a political map of India, locate and mark the following: a) The place where Gandhiji launched a Satyagraha against the indigo planters. b) The place where the Jallianwala Bagh Massacre occurred c) Bardoli d) Chauri-Chaura	(4x1=4)	Identification
