S. NO.	QUESTIONS	MARKS	NATURE
1	लाल रक्त कणो का जीवनकाल कम होता है ,फिर भी वे खत्म क्यो नहीं होते है ?	5	Information
2	<p>अपठित गद्यांश के आधार पर निम्नलिखित प्रश्नों के उत्तर दीजिए –</p> <p>आश्चर्य की बात है कि मनुष्य कभी अपने आप से यह प्रश्न नहीं करता कि उसे क्या चाहिए? सामान्य रूप से वह जानता है कि उसे अच्छा काम धंधा चाहिए, चाहिए सुख वैभव और विलास चाहिए लेकिन यह सब ऊपर ही बातें हैं. सब बातों के नीचे एक रहस्य और है – मनुष्य का परमात्मा से कटा होना. यह करना ही उसके सब दुखों का कारण है. इसी दुख की पूर्ति के लिए कभी वह रिश्ते नाते जोड़ता है, कभी सांसारिक सफलता पाकर खुश होता है. लेकिन सफलता का सुख भी उसे पूरी संतुष्टि नहीं दे पाता. गौतम बुद्ध को भी सांसारिक सुख पसंद नहीं कर पाए थे. तब उनके मन में प्रश्न उठा था कि आखिर मुझे संतोष कैसे मिलेगा. इस प्रश्न का उत्तर उन्हें बड़ी साधना से मिला. गौतम बुद्ध परमात्मा को नहीं मानते थे. उन्होंने यह निष्कर्ष निकाला कि करुणा से मानव जीवन सुखी हो सकता है. करुणा करने वाला अपने लिए नहीं दीन दुखियों के लिए जीता है. इसी में उसे आनंद मिलता है. वास्तव में मानव का लक्ष्य यही आनंद पाना है.</p> <p>अपठित गद्यांश के आधार पर निम्नलिखित प्रश्नों के उत्तर दीजिए-</p> <ol style="list-style-type: none">1. अपठित गद्यांश का शीर्षक दीजिए.2. सामान्य तौर पर मनुष्य जीवन में क्या चाहता है?3. मनुष्य जीवन का वास्तविक कष्ट क्या है?	5	Understanding

	<p>4. मनुष्य अपने सांसारिक दुख को दूर करने के लिए क्या उपाय करता है?</p> <p>5. गौतम बुद्ध ने मानव जीवन को सुखी बनाने का कौन सा उपाय खोजा?</p>		
3	खून को भानुमति का पिटारा क्यों कहा गया जाता है ?	5	HOT
4	नीचे लिखी मुहावरों को पढ़िये और वाक्यों में प्रयोग कीजिए- पीठ ठोकना ,दस्तक देना ,धावा बोलना ,घर करना	4	Interdisciplinary
5	शरीर के किसी अंग में अचानक रक्त संचार रुक जाने से क्या -क्या परिस्थियाँ उत्पन्न हो जाती हैं ?	5	Critical Thinking and Problem Solving
6	निम्न प्रश्नों के उत्तर लिखिए- 1>रक्त और हमारा शरीर पाठ में दिव्या कौन थी ?उसे अनिल अस्पताल क्यों लेकर गया ? 2>रक्त के बहाव को रोकने के लिए क्या करना चाहिए? 3>ब्लड बैंक में रक्तदान से क्या लाभ है ?	6	Evaluation

Assignment No. : 4

Allotment Date: 18 July 2021

S. NO.	QUESTIONS	MARKS	NATURE
1	An _____ is a condition on a variable such that two expressions in the variable should have equal value.	1	Informative
2	Write the following statement in the form of an equation: I) If you subtract 3 from 6 times a number, you get 9	1	Informative
3	The value of the variable for which the equation is satisfied is called _____.	1	Understanding
4	Write the following statement in the form of an equation: I) One third of a number plus 2 is 3	1	Informative
5	Check whether the value given in the bracket is a solution to the given equation or not: I) $7n + 5 = 19$ ($n=2$)	1	Evaluation
6	The solution of the equation $x + 3 = 0$ is _____.	1	Evaluation

7	Convert the following equation in statement form: i) $4p - 2 = 18$	1	Informative
8	The solution of the equation $5x = 10$ is_____.	1	Evaluation
9	Construct 2 equations starting with $x = 2$.	1	Understanding
10	The solution of the equation $3p - 2 = 4$ is_____.	1	Evaluation
11	Solve the following equations by trial-and-error method: (I) $5p + 2 = 17$	2	Evaluation
12	Laxmi's father is 49 years old. He is 4 years older than three times Laxmi's age. Find Laxmi's age?	2	Analytical skill
13	Given first the step you will use to separate the variable and then solve the equation: I) $y - 4 = - 8$	2	Understanding
14	Given first the step you will use to separate the variable and then solve the equation: I) $\frac{20p}{3} = 40$	2	Understanding
15	Solve the following equations: i) $7m + \frac{19}{2} = 13$	2	Evaluation
16	The sum of three times a number and 11 is 32. Find the number?	2	Analytical skill
17	Set up equations and solve them to find the unknown numbers in the following case: I) When I subtracted 11 from twice a number, the result was 15	2	Analytical skill

18	In an isosceles triangle, the vertex angle is twice either base angle. Find the measure of vertex angle?	3	Evaluation
19	Sachin scored twice as many runs as Rahul. Together, their runs fell two shorts of a double century. How many runs did each one score?	3	Problem Solving
20	Solve the following equation: i) $2y + \frac{5}{2} = \frac{37}{2}$ ii) $16 = 4 + 3(t + 2)$	5	Problem Solving
21	People of Sundargram planted trees in a village garden. Some of the trees were fruit trees. The number of non-fruit trees were two more than three times the number of fruit trees. What was the number of fruit trees planted if the number of non-fruit trees planted was 77?	5	Problem solving

WORKSHEET (SELF –ASSESSMENT)

Subject: Discipline

Assignment No. : 4

Allotment Date: 18 July 2021

When Gertrude Grew Great

Gertrude was just an average kid with an average life. She lived in an average sized house in an average neighborhood in a totally typical town. At home, she helped out just enough to slide by. At school, she did just enough homework to stay out of trouble. She had straight ‘C’s in all of her classes.

One day Gertrude’s teacher, Mr. Mister, stopped her after class. “Gertrude,” he said, “I know that you can do better. I’ve seen the work you do in class, and some of it is amazing... way better than ‘C’ work.” Gertrude knew that there were moments when she did try a little harder than what everyone expected, like when she put extra elbow grease into some of the dishes to make them *really* sparkle; or, when she took extra time with her handwriting on a few problems of her homework to make it look fancy. But she just didn’t have confidence in herself. She didn’t really believe that she could change; in fact, she was scared by the thought of having the power to become whatever she wanted. She had done just enough to get by for so long that being mediocre was her lifestyle. She stopped listening to Mr. Mister about half way through and just nodded her head until he stopped. Then, she walked out at an average pace.

That night, Gertrude had a dream. It was ten years into the future and she was still living with her mom in her average neighborhood. She could not find an average job, because even the average jobs were filled by above-average workers: people who did more than what was expected of them. Gertrude loved her mom, but she wanted more for herself. She wanted her own place, her own life. A voice spoke in the dream: “The present is nothing more than the outcome of the choices made in the past. The future will only be the results of the choices we make today.” Gertrude began crying average sized tears, because she knew that she helped shape the world in which she lived, and the choices she made produced the options she had. She woke up with her pillow wet.

Gertrude was relieved to be back in middle school. She took a little more care in getting herself ready that morning, and she looked better than normal. She tried harder in school, and she felt smarter than usual. She helped more around the house, and she felt better than typical. Soon the pattern of success replaced the pattern of mediocrity, and Gertrude became great at everything. Sure, there were still lots of things that Gertrude struggled with, but just trying her best made her feel better when she didn’t succeed, and Gertrude even became great at failing by learning from her mistakes.

Ten years later, Gertrude lived in an average sized house in an average neighborhood in a totally typical town. She was just the average adult, working much harder than average to earn an average living. But her happiness was above average, because her life was hers. She still visited with her mom quite a bit. But when she was done, she was happy to go to her own house. Gertrude was living the great life.
